WHAT WE OFFER

- Nursery KG's teaching Methodology by KG Pro
- Multidimensional Feed Back System
- Holistic Education for Body Mind and Soul
- Child Oriented Education
- Psycho Friendly Learning
- Continuous Assessment

Principal's Message

**A light
that continues
to shine
bright**

**Sh. Manoj Bhardwaj
Principal**

Dear Parents & Students,

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations" Crescent Public School is a proud mission driven community providing a world class education, celebrating the fact that each student is different as a person and as a learner. We believe that powerful learning occurs under a shared spirit of respect which creates a passionate schooling experience recognised for its warmth, energy and support staff striving to create a milieu that sustains excellence.

I strongly believe that education is a collaborative effort that involves professional administrators, committed teachers and motive students. we dedicate ourselves as professional administrators in creating a dynamic education programme empowering students in a global perspective.

Being a Principal, I personally feel that COVID-19 with its sudden upheaval has adversely affected not only our routine and lifestyle but the education system also. But due to parents' unwavering support, we have striven hard helping students stay on track with virtual classes and maintained pace with co-curricular activities through virtual participation. But rooms can't replace playgrounds. Further moving in sync with time, in new session, our main focus would be to cover up what students have missed throughout the year like physical co-curricular activities including sports and games. In this era of global competition, test scores are used as a primary benchmark. So exam coaching shall be the main focus this year to sharpen students for a brighter future.

Eventually, with the technical renaissance happening during COVID -19 pandemic, the arrival of new education policy 2020 and the initiation of physical Schools opening, education urgently needs to be the best amalgamation of a series of experiences that develop skills and activities through analysis and reflection.

' Let's reverse our roles and step towards with transition.'

About School

In the past 18 years Crescent Public School has come up as one of the most dedicated and diligent schools in Palampur. Our Motto "One Team One Goal" has helped us to emerge as a guiding force in every student's life. This year as we step further ahead and outshine our previous achievements by becoming a part of CBSE and getting central Board acclamations we consider this as an opportunity to give each student a broader platform and exposure to explore their forte.

The Aim of the school is to preserve moral, spiritual and ethical values of every student so that they not only excel academically but also have a heightened sense of Morality.

We have been providing an ambience that escalates the learning process and with the scientific methods followed by the teachers by judging every student's psychological and mental ability, they manage to be exceptional guides for our students.

With continuous Aptitude tests that we conduct we judge the potential of our students accurately and help them carve a niche in the field of their Interest

In the end Crescent Public School is thankful to God for his grace that helps us to mould the Next Generation of our Nation

**"EDUCATION IS WHAT REMAINS
AFTER ONE HAS FORGOTTEN WHAT
ONE HAS LEARNED IN SCHOOL.."** *Albert Einstein*

Objective & Motto

“Our Motto is “One Team One Goal”. Crescent Public School is an extremely close knit family with all the members working towards the goal of development and character building of our students, so that they stand out in the crowd.

A school is always blessed with the most crucial responsibility of moulding not only a child’s future but indirectly the nation’s future too. Our Goal is to whole heartedly accept that responsibility and carve a bright future for our country.

Our Objectives are:

- To strengthen moral and Ethical beliefs of students.
- To judge each student’s aptitude and guide them to carve a Niche in their area of interest.
- To help them realize their ideal career based on their talent and interest by analytical schemes.
- To instill the value of discipline in each student to help them live in Harmony with neighbourhood.
- To changes the age-old system of spoon feeding and make the child self reliant to manage the challenges he/she faces and emerge successfully.
- To develop the creative side of each individual as a creative vent is extremely important to keep a person physiologically balanced. (As per studies at Cambridge university)
- To make learning an interesting process so that a student can have high aspirations and acquire knowledge without being burdened by the system.
- To access the students performance and address problem area on one to one basis.
- To help students Co-relate Theory and Practical applications so that their knowledge is truly impeccable

EVERY CHILD COMES TO THIS WORLD WITH A CLEAN SLATE. ITS UP TO US TO MOULD THAT CHILD TO BECOME A GREAT MAN/WOMAN.”

Value Inculcation

1. Disciplined code of conduct - Any organization that the students of Crescent Public School decide to join in the future will have a strict code of conduct that he/she will have to adhere to. To make students comfortable with it, we introduce them to a disciplined code of conduct at a very early age. So that discipline is not only a job or a task but it becomes a way of life.

2. Respect of Women - With the kind of times we are heading into. It's of utmost urgency to raise our sons' right. We teach our sons at a very early age about the right way to treat women and respect them, So that they bring about a change in the current scenario and take this nation and the security and dignity of our daughters towards a brighter light.

3. Respect of Elders - We teach all students the value of "family". We discourage the idea of Nuclear family and old age homes and encourage the idea of life being incomplete without parents blessing. Students are being taught to respect all Elders irrespective of their work, caste, relation etc, so that our children become an example for everybody.

4. Ethics and Values - We teach are kids the facts that more than their qualifications, creed, colour, finance their values and Ethics will make them win in all aspects of life. They should have a straight spine with each vertebrae engulfed with ethics to make them a dignified human being.

"VIRTUE ALONE ENNOBLES"

Code of Conduct

**“EDUCATION WITHOUT VALUES,
AS USEFUL AS IT IS, SEEMS RATHER TO
MAKE MAN A MORE CLEVER DEVIL.”**

Good behavior and discipline are key foundations of a healthy learning environment.

- To provide clear and explicit expectations for social behavior in school settings
- To provide administrators with interventions that address students disruptive behavior

1. BEHAVIOURAL EXPECTATIONS AND RESPONSIBILITIES:

a. Responsibilities of Everyone:

- Respect all members of the school community.
- Maintain a positive school climate by being responsible, respectful, and cooperative.
- Communicate code of student conduct expectations for students and staff.
- Motivate students to live up to the expectations through positive reinforcement.
- Use good judgment to prevent minor incidents from becoming major problems.

b .Responsibilities of Administrators:

- Respect all members of the school community.
- Implement the code of student conduct and all disciplinary procedures in a fair and consistent manner.
- Provide students and parents whose first language is not English with translation and interpretation services free of charge.
- Inform all school personnel, parents, and students of discipline policies.
- Review and act upon allegations and requests from school personnel concerning violations.
- Teach proper behavior and positively reinforce rules of conduct.
- Maintain a learning environment that provides for academic success.
- Hold students accountable for disorderly conduct in school and on school grounds.
- Address rule violations with multiple strategies to keep students in school.
- Use professional judgment to prevent minor incidents from becoming major problems.

c. Responsibilities of Students:

- Respect all members of the school community.
- Understand and comply with school rules and climate expectations, including the code of student conduct and school student's handbook.
- Comply with the school District's attendance, dress code, unlawful harassment, and bullying policies.
- Behave in a manner that focuses on academic success.
- Be responsible and accountable for following rules.

d. Responsibilities of Parents/Guardian and Advocates:

- Respect all members of the school community.
- Respect, understand, and support school rules and regulations.
- Respect, understand, and support the policies of the school CBSE.
- Recognize and understand that school personnel must enforce school rules.
- Teach children to respect the rights of others and follow school rules.
- Emphasize the importance of being prepared for school and adhering to

2. DRESS CODE EXPECTATIONS:

Students are expected to follow their school's dress code so that their appearance is uniform and they learn importance of clean and tidy presentation. School authorities must determine and communicate the final decision regarding what is considered proper and improper attire.

- Uniform should be neat and clean.
- Uniform should be were ironed.
- The colour of the uniform should not be faded.
- Sweaters and blazers should be in good condition.
- Hair should be oiled and tied in plats for girls with red ribbons.
- Hair for boys should be oiled and cut short.
- Nails should be short and clean
- Girls should wear white warmers under their skirts in winter and white knee length tights in summers
- Shoes should be clean and polished
- Jewellery, accessories are prohibited

4. RULES OF DISCIPLINE

a. Students are expected:

- To-bring the diary daily to the school.
- To attend the school regularly.
- To reach the school five minutes before assembly.
- To attend the school in proper and neat uniform.
- To respect the school property.
- To bring school books only.
- To take care of their own property (school will not responsible for any loss.)

Harassment (including Sexual Harassment)	Sexual act (non-consensual)
Bullying/Cyber-bullying	Reckless endangerment

**“INTELLIGENCE PLUS CHARACTER
THAT IS THE GOAL OF
TRUE EDUCATION.”**

Campus

The premise of the school is spread over approximately 2.5 acres of land with facilities of outdoor games/sports. The school premises was chosen to shoot a Bollywood movie with famous Bollywood stars, due to the perfect ambience we have, 70% of the movie was shot in School campus which is a matter of pride for us. The students of the school and few teachers also played a role in the movie, providing good exposure of the entertainment field.

•**Area** - Surrounded by the Majestic Dhauladhars, Crescent is situated in the town Banuri. It is situated in a peaceful location away from unnecessary Noise and hustle Bustle to enable students to concentrate on learning.

•**Labs** - Crescent diligently follows its objective of inter - relating theory and practical for impeccable learning. Hence we have fully equipped laboratories where students conduct experiments that help to apply science in everyday life. Their concepts are made clear and their inquisitive nature is nurtured

•**Library** - Our recently constructed library has a wide range of books related to history, Academics, Biographies, general knowledge, culture, values and principles, social-services, information and technology, psychology, success stories etc. which helps our students to explore and learn about different things and in addition improve their command over English as well.

•**Kids Wings** - We have a separate kids wing for pre nursery and nursery children with NTT trained teachers who take care of your child as their own. Kid's wing is equipped with a Doll room, playroom, and swings to make your budding scholar comfortable. Special attention to the hygiene of every child is paid and hygienic habits are inculcated in all students. Constant adult supervision is provided to keep your child secure

•**Hostel** - Hostel with all facilities is also provided for girls separately with high Security, comfort, Study tables, Schedule for day including sports, games, study hours etc. We keep the students in the hostel busy and oriented in the right direction. It's a home away from home where your kids learn to be independent and self reliant

•**Music Dance Hall** - To support holistic Development we give our students a push to learn co-curricular activities and explore their talent in all dimensions and not just academics. We truly believe that Music and Dance is the "food for Soul". We have a spacious space for comfortable implementation of learning

•**Drawing and Painting** - According to a study in Cambridge University having a creative outlet helps an individual to balance his/her stress, frustration and troubles. In today's competitive world we nurture the creative side of our students so that they have an outlet to make their life easier and fight adverse circumstances without losing the zeal for life.

•**Yoga Hall** - With Yoga being a worldwide trend we know that this exercise has its roots in India and has enormous benefits for health. We practice yoga consistently to develop the health and immunity of our students. We have a trained yoga teacher to guide our students and teach them how yoga asanas can help maintain a perfectly healthy body and mind.

•**Stadium** - "Sports is the outlet for the youth vigour". We have a stadium in school campus which is equipped to handle gatherings on sports day and various sports competitions. Our stadium is also used for physical training for students to maintain their health and inculcate discipline and a fit lifestyle.

•**Games and Sports** - 'Playing games and Exercising increases dopamine, the "happy hormone" level of a human being.' Hence it's extremely important to play sports to keep oneself happy and away from depression. Additionally our students learn team building, sportsman spirit and playing for a cause with the help of different sports like basketball, volleyball, badminton, Kabaddi etc. Our courts provide them with appropriate infrastructure to enjoy their sport.

•**Mess** - Our mess provides healthy and nutrient rich diet as "Healthy minds reside in a healthy body", we give students a balanced Indian diet including bread, rice, vegetables, pulses and salad. We understand the importance of healthy meals and their implications on one's health and life. Our mess maintains extreme hygiene and we inculcate healthy eating habits and table manners in students as well.

•**IT Labs** - We have separate IT Labs for juniors and seniors depending on their need. Our IT Labs are fully equipped and Senior classes are introduced to Programming and Languages to make them competent enough in terms of technology. Our labs have internet connection with supervision to help students learn the basic without misusing the net. Our IT Teachers are highly trained and well versed with latest technology to appropriately guide students.

•**Classes** - Our class has a good student teachers ratio to emphasis on special attention on each student. We have Public Address system, cameras, microphones to keep a close observation on every Childs activity & discipline. The teachers are dedicated and well trained to make learning an interesting process.

Academic features

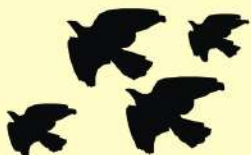

1. Teaching being carried out through latest teaching aids and techniques i.e. Edu. comp Smart Classes, computer models, experiment, practical demonstrations etc.
2. Special attention being paid to each students and diagnostic teaching methods will be applied in order to find the real cause of a problem in studies by psycho – friendly learning methods.
3. Detailed performance of the students is communicated to the parents at the end of every 40 days.
4. There will be no need for the students to take tuition classes as the school will cater to the needs of the weak students. If all the students require extra guidance the school will arrange extra classes without any additional charges and to evaluate the student for such need school will follow the multi dimensional feedback system .
5. Career counseling and coaching for various competitive exams i.e. NDA, PMT, AFMC, AIEEE, IIT, BANK EXAMS and various commerce stream entrance examinations coaching and preliminary guidance from various administrative services will be conducted by the school from this session.
6. Pre-coaching to IX & X class students will be provided on the regular basis in the class without any extra charges.
7. To inculcate all round skills & development in a subject objective techniques encompassing latest methodology and innovations is implemented. Special programme will be scheduled on regular basis having following features:

- Internet applications and various computer languages
 - English grammar
 - Pronunciation with elegance and confidence
 - Discussion on current affairs to sharpen analytical reasoning
 - Yoga & Aerobic sessions for physical and mental development
 - Magical Mathematical ability
 - Environmental and hygienic awareness
- Discussion on practical general science and model making

8. .During the academic session students of +2 class are expected to accompany educational tour with the consent of their parents to provide them with an exposure to different learning experiences.

Unique Play way Methodology

Right ideas and ethics can be fostered at the right age and this foundation makes a great difference. Congenial environment and proper guidance is needed throughout one's schooling. Cultivation of good manners, etiquettes and good habits enables a child to excel in every sphere of personality building. Crescent has been a school with a different vision since its establishment. It has been making all possible efforts to hone up the skill of the children. Its motto is to blend traditional education with the modern mode of education.

We feel proud to assert that our school has tied up with INTELLSIS to make tiny tots study without being over-burdened. This programme is devised keeping in view the psychology of a child. It helps tiny tots to enjoy their childhood while learning.

Salient Features of Corel KG Programme

The child-centered kindergarten is not new; it has its roots in the 19th Century. At that time, kindergarten was envisioned as a "Garden for the child" (the literal meaning of the German word "kindergarten"), a place where children could be nurtured and allowed to grow at their own pace. A child has to build skills in six different areas of development. These development areas are:

KG Pro is an exceptional education programme that introduces academics through activities which not only invigorate the mind of a child, but also boosts independence, confidence and self-esteem. The KG Pro system enables children to capture their imagination, and offers them a learning environment where they can make discoveries, solve problems and think independently and out of the box. It is a core belief that not a single method of instruction is all comprehensive. Hence, both the methods i.e.:-traditional and progressive methods of instruction are used; to develop a well rounded curriculum that encourages social, academic and emotional growth of the child. Some of the features are:

- Physical and Motor Skills.
- Cognitive Development.
- Environmental Studies.
- Socio-Emotional Development.
- Creative Development.
- Language Development

- Integrated, Cohesive and systematic plan for all the three years of kindergarten.
- Lighter School Bags-happy children! Happy Parents!
- Project Based Method
- Montessori Method
- Multiple Intelligence Method

Crescent Sr. Sec. School has tied up with intellis resources to offer KG Pro learning modules for successful and stress free learning of your little ones, if you seek for truly Unique experience of education, your search ends here. The facilities we offer and the Methodology we follow:

- International Curriculum
- Individualized Attention
- 10:1 Student – Teacher ratio
- Standardized system which helps a student to learn without being burdened. Curious nature of students is encouraged and the best way to learn is to be inquisitive.

**“LEARNING IS NOT ATTAINED BY CHANCE,
IT MUST BE SOUGHT FOR WITH ARDOR
AND ATTENDED TO WITH DILIGENCE.”**

Activities

Cultural Development - The vision of the school is to preserve the enriched culture of the country and state in the heart of every child. We fulfill this vision by celebrating all the events of cultural importance in the country which helps our students to remain exuberant with the Love for their national heritage which they will receive as inheritance.

Contribution by our students - Selfless giving is a part of character building. Our students are taught to contribute to the nation for different causes for no Motif of their own. They are a part of No Tobacco rallies, Swachh Bharat Abhiyan etc. to develop not only self but the country too. They are made to realize their obligation to the ecology.

Assembly and Value Education - With this year we introduce value education as a full fledged subject with a strict syllabus to inculcate necessary values in our students to make them stand out as an exceptional human being. Our students also host the assembly everyday where they give a Moral related speech to help develop not only ethically but also fight stage fright and develop confidence and communication to face the crowd.

Interschool and Intraschool competitions -

Different competitions are held in the school campus hosting different schools and colleges of Palampur and our student perform in flying colours in all competitions they take part in, be it academics, cultural or sports. Their zeal to participate is also outstanding.

Seminars on Communication, Body Language and Personality Development -

In today's world, competition is at its peak, hence students need an edge to stand out in the crowd. This edge is provided by Crescent Public School with the medium of seminars conducted weekly to develop the personality of each student. Every student of our school has exceptional communication skills, crowd management skills, oratory and written skills and problem solving skills. These additional qualities help our students to have an upper edge wherever they go in life. They successfully overcome their stage fright and get the confidence to address a crowd with flawless flow in language. With these seminars they are already being prepared for interviews and group discussions they will face at a later stage of life.

Interaction with Foreign Schools -

We will start arranging for online sessions and exchange programs with schools abroad as the new session commences to give our students a chance to be aware about what is happening around them. They will get to learn a lot of things with this interaction and will be able to explore new genres of talent, knowledge and awareness.

Seminars on National Issues -

Whenever an uneasy situation arises that has National relevance. It is of utmost importance to educate the next generation about it and groom them in a way that they become the "changed face of India". Incidents like Nirbhaya, Bangalore Mass attack, Uri attack etc should be addressed in all schools so that our children stand up against the unethical acts. Crescent Public School is doing its bit by holding seminars on such national issues consistently to impart correct principles in our students.

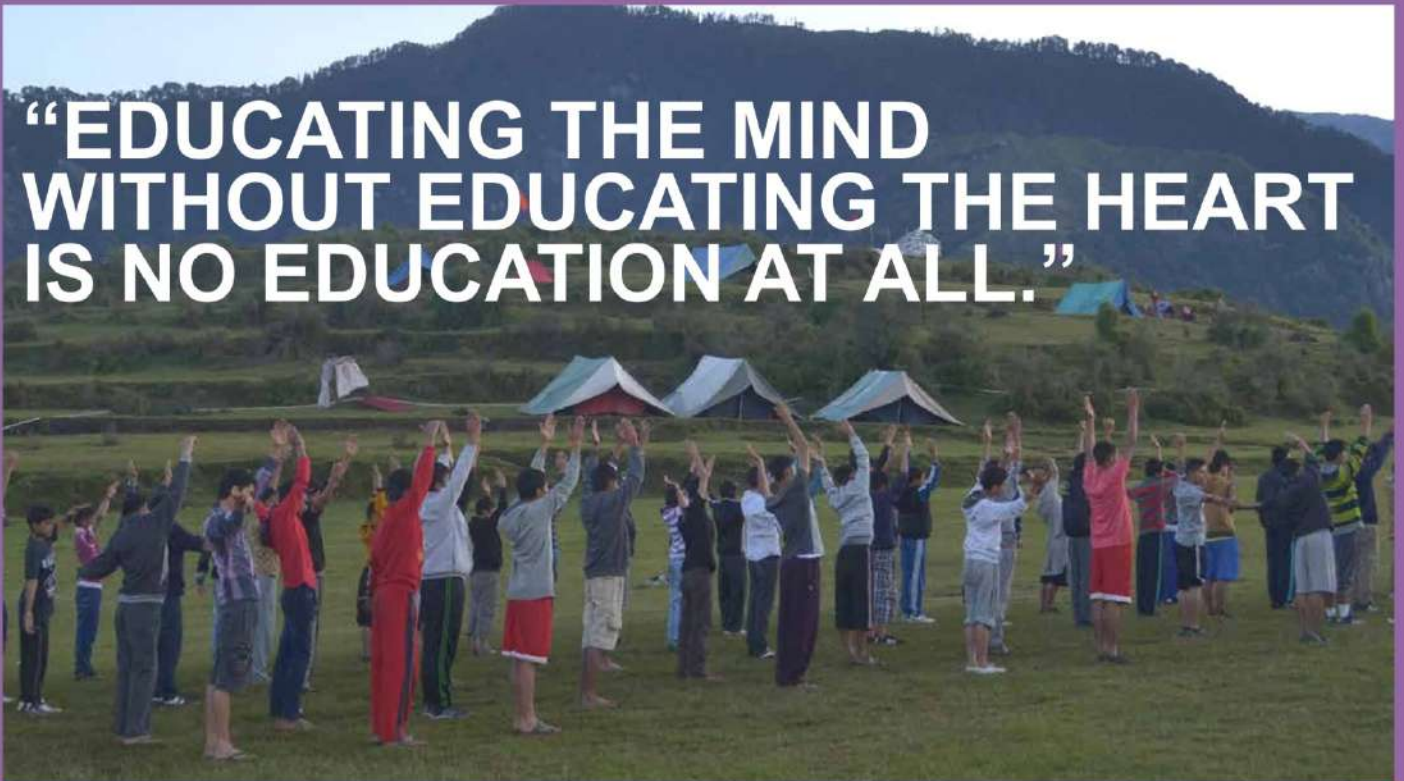

Educational Tour and Camp

Educational tours and camps are important in many ways. Going on a Tour and camp should always have a major educational relevance. The importance of Educational trips include giving students a chance to build closer bonds with their classmates, experience of new environment and enjoy a day away from the school premises and learning at the same time, being independent and self-reliant. Till date we have taken our kids on tour and camp to places like Bengaluru, Mumbai, Ooty, Goa, Jaipur and Lagga (Shahpur).

Health & Hygiene

Health education plays an important role in the community hygiene. To prevent illness and have a positive health attitude, correct and complete knowledge of health is necessary. Health depends on cleanliness and cleanliness is one of the main defense against diseases, whether contagious or self-generated. we emphasis on learning the actual meaning of health and hygiene, so that the aim of good health can be achieved through sanitary habits and healthy way of living. According to World Health Organisation (WHO): "Health is the state of complete physical, mental, spiritual and social well- being and not merely absence of disease". If a person is disease free or in a good physical state, but under stress, tension, anger, greed etc. than that person is not considered as a healthy person.Hence, in addition to physical health, we must consider the mental and emotional health also, only than spiritual and social health can be achieved and man can progress forward for the well being of the society.

**“EDUCATING THE MIND
WITHOUT EDUCATING THE HEART
IS NO EDUCATION AT ALL.”**

Health & Hygiene

Health education plays an important role in the community hygiene. To prevent illness and have a positive health attitude, correct and complete knowledge of health is necessary. Health depends on cleanliness and cleanliness is one of the main defense against diseases, whether contagious or self-generated. we emphasis on learning the actual meaning of health and hygiene, so that the aim of good health can be achieved through sanitary habits and healthy way of living. According to World Health Organisation (WHO): "Health is the state of complete physical, mental, spiritual and social well- being and not merely absence of disease". If a person is disease free or in a good physical state, but under stress, tension, anger, greed etc. than that person is not considered as a healthy person.Hence, in addition to physical health, we must consider the mental and emotional health also, only than spiritual and social health can be achieved and man can progress forward for the well being of the society.

Hygiene is a habit that needs to be focused on and inculcated in children at an early age. And it need not be restricted to our bodies alone; it needs to be maintained in our surroundings as well.

In crescent public school we maintain the hygiene is the campus by maintaining clean washrooms, mess, classes etc. We have attendants who help is keeping the little scholars clean at all times. Senior students are taught about how to maintain hygiene through the day

There are seminars on the importance of self cleanliness and health that guide our student to be clean at all times.

Sports Outdoor Games

It is very rightly said "All work and no play make Jack a dull boy". Keeping this in view, due importance is given to Sports and Games, while designing the curriculum for the students. We not only focus on Sports and Games but we also pay more stress on Martial Arts. They break of the monotony of daily routine and add spice to it and relieve the students from stress and frustration. In this way they get some time to focus on their health as well as ecstatic development. As all of us know that a sound body is must to have a sound mind.

Outdoor games

are the athletic or sporting games that involve physical activity and are generally played outside in the open. Generally, there is a spirit of healthy competition in outdoor games. In our Crescent Public School we abide by the same belief. We want to make our students learn the true meaning of unity and teamwork. We offer our students games like soccer, basketball, volleyball etc.

Indoor games

- For thousands of years people have invented Indoor games and sports to amuse themselves when confined within a closed space. In our school too we emphasize on making our students learn the importance of indoor activities. Different kinds of board games are played in our school. Games like Carom Board, Puzzles, Monopoly, backgammon, table tennis, crosswords, scrabble, ludo, snakes and ladders etc. These games work on the mental fitness of a child. Increases attention and alertness and improves problem solving skills.

Salient features

- Our Board of education is CBSE and three streams are offered in +1 & +2 i.e. Medical, Non-Medical and Commerce.
- Registration is not the guarantee of admission. Admissions are decided by the principal and his decision is final.
- Communication skills are developed through debate, extempore, public speaking and even in daily morning assembly.
- Educational aids: computer aided learning; well equipped computer labs with internet and necessary software are incorporated at all levels.
- Enriched classes: Extra lesson are organised for 10th & +2 students to make them competent to face board exams and competitive exams.
- Regular aptitude tests are held to judge the best or field for every student on the basis of which counseling is done.
- Special Interests of students are encourage for holistic development.
- Tours and Trips- Education tours are organized to different cities to provide students with exposure under strict security.
- School mess provides a healthy and balanced diet to all students as we understand the importance of physical health.
- Medical Aid on occasions of emergency is provided till the parents arrive.
- Sports: Stadium and events have been mentained to provide students with appropriate infrastructure to develop and nurture the sportsman in them.
- Parents are informed about the absence of students on daily basis. Messages and postcards are also sent in case we fail to communicate on phone.

“EDUCATION IS THE ABILITY TO LISTEN TO ALMOST ANYTHING WITHOUT LOSING YOUR TEMPER OR YOUR SELF-CONFIDENCE.

Hostel & Transport Facilities

Our school provides exclusive and convenient transport facility to the student which saves their time. Apart from this it also helps to establishing a link between the school and far off areas. A separate transport facility is provided to the tiny tots (for nursery, L.KG and U.K.G classes) to avoid any discomfort and inconvenience to them.

The school has privately managed hygienic hostels (Separate for Boys & Girls) providing the comfort of home away from home. Students are provided well balanced and nutritious food for the students under the watchful eyes of the school management.

Hostel facility is provided to the students from class 6 to +2 separately for girls.

Upon that path where you go all alone, there the knowledge shall be your companion. Rightly said, "teachers are the backbone of the nation" Sustaining the above written words, Crescent's staff is thoroughly professional experienced and qualified enough and best among bests to instill good human and social values in students to make them good citizen of the country and groom in such way to face real life situation.

Teacher is a good friend, philosopher and acts as a strong driving force to attain students respective goals. The whole set up provides congenial environment in English medium to enhance growth oriented Education Knowledge imparted at Crescent Fruitful. Selection of students in various professional field like NDA,AFMC,NEET,IIT,NIT & various top Engg/Medical colleges maintains the quality of education imparted here.

**“A GOOD EDUCATION IS
A FOUNDATION FOR
A BETTER FUTURE..”**

CRESCENT HOSTEL

CRESCENT HOSTEL

Competitive Exam and Coaching

Under competitive exam Coaching we emphasize on proper utilization of time “Every one has 24 hours in a day. It matters how we utilize them,” We abolish all the hindrances/obstacles in achieving the goal, by imparting coaching well in time. It gives right direction to students which provides confidence and accelerates the speed in achieving the goal. Coaching for the competitive exams for class +1 and +2 (as one year & two year programme) has been made as an imperative part of the school

Admission/Entrance Test

After the registration, the students will have to appear in the entrance test (1st to 10th , +1, & +2 Medical, Non-Medical and comm) on spot time which will be conducted in the school premises. The dates of the entrance test will be intimated to the applicant by the school. The admission to the classes 1st to +2 will be on the basis of entrance test and merits only.

Concessions for current year

- **On the basis of entrance test:** Student standing first in the entrance test conducted by the school authorities would be awarded a waiver of 50% in the monthly fees.
- **Topper students:** The students who are studying in the Crescent or join Crescent, if he/she stand in the top ten positions in the Board Exams, would be awarded free education for the whole year from the result declaration date.
- **Merit holder students:** The concession is for all the students who are studying or have joined Crescent and have secured 85% or more marks in previous Board Examinations they would be awarded a waiver of 30% monthly fees.
- A concession of 25% monthly fees will be given to one of the real brothers/sisters. Having lesser fees / charges
- **Special prizes for the internal students:** This is for the students who have been studying since the previous year in Crescent and fall in above (b) & (c) categories would be awarded suitable according to the management rules, in addition to the above mentioned concessions.

Robolab acts as a perfect outlet for students as robotics is in the forefront of technology. Robotics offers teachers an opportunity to be imaginative in pedagogy. Activity – based learning (ABL). They get an opportunity to rediscover and redesign learning by engaging students in an inquiry-based approach where they encourage students to collaborate and be creative in solving open-ended robotics. Robotics is Fun !

Robotics

An important Reason for robotics to be integrated into the contemporary learning environment is that it is Fun! Students are totally immersed in the guided and open-ended challenges they are presented with and often do not want to stop not even for lunch break. ATL gives an extra edge for the school to make learning more interesting and fun. Coaching classes

1. The practice of coaching in the classroom is one of the most effective ways to bring out the best in students, to develop their talents and strengths, to build their skills and confidence and to nurture their learning.

It should go without saying that teachers everywhere can benefit from bringing into their classroom. Despite the best efforts of teachers, students sometimes need that extra push of encouragement to help them thrive.

2. In today's competitive world, students need to appear for multiple entrance exams in order to get admissions in the institutes of their choices. Hence, coaching classes help & students to prepare for these Competitive exam in a better way.

3. In the same manner CPS is also providing this facility in school to students to prepare for further competitive exams which will enhance and sharp their minds & become intellectual in life & upcoming competitive exams. Coaching exam for classes 6 to 10 Competitive exam preparation for classes 11th & 12th

4. So, CPS provides students with the right platform needed to ace any entrance exam. Self – study is good but backing by experts is not bad either. The key to success is to leave no stone unturned while walking the path of success. Even a small support can make a life – changing impact on a student's career path.

ATL

ATL is an approach of central government of India to create an environment of scientific temperament, innovation, creativity amongst Indian students. It is a step towards a new India. The Govt. of India has set up the Atal Innovation Mission (AIM) under NITI Aayog.

ATL is a workspace where young minds can give shape to their ideas through hands – on do – it – yourself mode and learn innovation skills.

The objective of this scheme is to foster curiosity, creativity and imagination in young minds and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc. Young children will get a chance to work with tools and equipment to understand what, how and why aspects of STEM.

ATL would contain educational and learn 'do it yourself' kits and equipments on – science, electronics, robotics, open source microcontroller boards, sensors and 3 D printers etc .

It will be (ATL) a part of an advanced program where they can learn technical & soft skills, such as design, engineering, coding, problem solving & leadership. Therefore it is an attempt to create innovative space that enable the students to make anything that they can dream of: Children can channel their creative skills to engineer different and varied Robotics design system.

Competitive Exam and Coaching

Under competitive exam Coaching we emphasize on proper utilization of time “Every one has 24 hours in a day. It matters how we utilize them,” We abolish all the hindrances/obstacles in achieving the goal, by imparting coaching well in time. It gives right direction to students which provides confidence and accelerates the speed in achieving the goal. Coaching for the competitive exams for class +1 and +2 (as one year & two year programme) has been made as an imperative part of the school

Admission/Entrance Test

After the registration, the students will have to appear in the entrance test (1st to 10th , +1, & +2 Medical, Non-Medical and comm) on spot time which will be conducted in the school premises. The dates of the entrance test will be intimated to the applicant by the school. The admission to the classes 1st to +2 will be on the basis of entrance test and merits only.

Concessions for current year

- **On the basis of entrance test:** Student standing first in the entrance test conducted by the school authorities would be awarded a waiver of 50% in the monthly fees.
- **Topper students:** The students who are studying in the Crescent or join Crescent, if he/she stand in the top ten positions in the Board Exams, would be awarded free education for the whole year from the result declaration date.
- **Merit holder students:** The concession is for all the students who are studying or have joined Crescent and have secured 85% or more marks in previous Board Examinations they would be awarded a waiver of 30% monthly fees.
- A concession of 25% monthly fees will be given to one of the real brothers/sisters. Having lesser fees / charges
- **Special prizes for the internal students:** This is for the students who have been studying since the previous year in Crescent and fall in above (b) & (c) categories would be awarded suitable according to the management rules, in addition to the above mentioned concessions.
